- Regularly review operations to ensure policies and procedures comply with all relevant regulations
- Minimise whole of business risk by building robust mitigation plans focused on reducing critical risks first.
- Provide airport security at the levels required in the legislation

6.2. Financial

IAL is a strategically valuable asset of Invercargill City Holdings Limited and the Invercargill City delivering a range of benefits to the City and the region. Whilst we are a strategic asset, the company is focused on delivering commercial returns across our entire business.

The Company will:

- Work with airline customers to grow passenger opportunities into and out of Southland
- Develop business and master plans to achieve long term economic sustainability
- Implement appropriate airport user pricing structures
- Establish commercial rental agreements for IAL's property portfolio to maximise future returns
- Continue to increase non-aeronautical revenue as a percentage of the total revenue
- Actively work with partners to diversify the business base of the airport.)

6.3. Infrastructure

IAL will provide safe and fit for purpose infrastructure.

The Company will:

- Maintain certification pursuant to Civil Aviation Rule Part 139 and maintain the infrastructure required to be compliant with the rule
- Develop robust asset management and life cycle plans to maintain the infrastructure and plan for renewals where required
- Annually review all insurance covers to ensure its risk is minimised
- Supply the security and operational facilities required to support current and future aviation operations from the Airport.

6.4. Human Resources

IAL is a great place to work.

The Company will:

- Ensure that all employees have the right skills, training and capability to be able to do their work confidently
- Recognise and review staff performance
- Have robust succession plans in place that ensure the airport meets its regulatory and business requirements
- Promote the company values as “the way we work around here”

6.5. Corporate Social Responsibility

IAL positively contributes to the community in which we live.

The Company will:

- Provide a safe, secure and reliable airport facility in compliance with the requirements of the Civil Aviation Authority
- Deliver on our environmental obligations including developing and implementing sustainable practices for our waste streams
- Encourage every Southlander to be an advocate for the airport by educating them in the benefits of having it here and growing their understanding of its strategic importance to the region
- Ensure the airports future is protected by engaging with, and educating, local authorities on the needs and benefits of an airport close to the city.

6.6. Our Customers

IAL will provide excellent customer service to all users of the airport.

The Company will:

- Conduct regular airport user group meetings and/or surveys, which include a focus on the needs of the airport user, other stakeholders and visitor
- Focus on providing an excellent experience for every customer and user of the airport

- The ratios are exclusive of any adjustment for the revaluation of investment property.
- The Company has budgeted cash reserves to ensure it can continue to operate for at least 3 months in the event of any disruptions to aviation operations in the future.

8. CAPITAL AND MAJOR OPERATIONAL EXPENDITURE

A 10-year Asset Management Plan (Capital and Major Maintenance) covering our aeronautical assets has been prepared utilising industry experts. Individual asset management plans are being developed for the non-aeronautical assets to ensure that the investment is on a planned basis, has sound commercial focus and that maintenance programmes are proactive rather than reactive.

The major initiatives for the next three years include:

- Resurfacing of the airside sealed surfaces
- Jet service supporting infrastructure
- Non-aeronautical asset development
- Vehicle replacements
- Infrastructure upgrades and renewals
- Terminal upgrades to support passenger, security and service growth
- Review of airspace management options
